

BEST PRACTICES FOR WATER QUALITY TRADING

JOINT REGIONAL STATEMENT

Interagency Workshop Action Items

#	Action	Responsible party	Status
1	Provide agencies direction and context for comments on the Draft Best Practices	WP/TFT	✓
2	Review the dates/targets we've set for exchanging comments and drafts.	WP/TFT	✓
3	Share USDA/EPA press release and agreement.	WP/TFT	✓
4	Share NWEA, TFT and EPA Wilsonville comments	WP/TFT	✓
5	Share DBP on Third Parties.	WP/TFT	✓
6	As needed, convene small conference calls to address participant comments where there are overlapping/inconsistent feedback on the larger DBP document.	WP	January 2014
7	Consider revising the phrase "Best Practices"	WP	This will be included in the DBP doc revision process
8	Consider a map/flowchart/diagram in the footer of the document to orient the reader (see WQT permit writers toolkit as example).	WP	This will be included in the DBP doc revision process
9	Add executive summary of DBP content and 5-10 page content/process summary.	WP/TFT	Ongoing, anticipated mid-January
10	Follow up on pilot ideas (OR: CWS permit renewal, IMD revision and/or rule) (ID: draft permit template language with EPA + refresh of LBR trading framework) (WA: quantify impacts of NRCS projects, maybe a toxics situation).	All	Ongoing
11	Get Clean Air Act reference as to how credits are not property rights (Claire)	Claire (EPA)	12/23/13
12	David will send along GASB research articulating the appropriate way to account for credits	David (TFT)	12/23/13
